1. Type of project reflects Plan policies
 2. Score derived from groupings of costs and benefits based on comparison of projects
 3. Score based on goals divided by cost grouping compared to criteria
 4. Prioritized based on number of goals addressed: 3 or more goals = High; 1 to 2 goals = Medium; Less than 2 goals = Low.
 5. Prioritized based on number of high scores on evaluation criteria received: 5 or more Highs = High; 1 to 4 Highs = Medium; no High scores = Low

Tier 1 - Screening
Step 1 - Reflect Goals and Statewide Priorities

Project No.	Submitted by	Project Name	Project Status	Policies and Goals														TOTAL GOALS	TOTAL SPs									
				Policy 1		Policy 2				Policy 3				Policy 4														
				Maintain & Improve WQ	Reduce sources of contaminants	Improve Water Supply Reliability & Ensure Long-term Balance of Supply and Demand	Practice Resource Stewardship	Focus on Areas of Common Ground & Avoid Prolonged Conflict	Statewide Priorities (SPs)																			
	Manage stormwater flows and transport of sediment and contaminants	Ensure sufficient firm yield water supply	Maintain and improve water infrastructure reliability	Promote water conservation, recycling, and reuse for urban and agricultural uses	Develop appropriate drought mitigation measures	Protect, conserve, enhance and restore the region's natural resources	Maintain or improve watershed ecosystem health and function	Minimize adverse effects on cultural resources	Identify opportunities for public access, open spaces, and other appropriate recreational benefits and avoid harm to existing or planned recreational uses	Prioritize projects that have the best likelihood of being completed in the planning horizon	Drought Preparedness	Use & Reuse Water More Efficiently	Climate Change Response Actions	Expand Environmental Stewardship	Practice Integrated Flood Management	Protect Surface Water & Groundwater Quality	Improve Tribal Water and Natural Resources	Ensure Equitable Distribution of Benefits
